EDUCATION

KIET COLLEGE

corangi

2023 - 2027

PRAGATI JUNIOR COLLEGE

samarlakota

2021 - 2023

SKILL

- Python
- HTML & CSS
- Basics of Web Development
- Basic Level of Machine Learning

ABOUT ME

I am a dedicated and self-motivated Computer Science and Engineering student currently pursuing B.Tech at Kakinada Institute of Engineering Technology. I have a strong interest in web development and machine learning, and enjoy working on real-world projects that enhance my skills. With a good understanding of programming fundamentals and a willingness to learn new technologies, I aim to grow as a reliable team player and contribute meaningfully in the tech industry.

ACADEMIC PROJECT

> Spam Email Detection :

. A machine learning project aimed at classifying emails as spam or not spam using basic ML libraries and preprocessing techniques.

. Tools/Tech Used: Python, Scikit-learn, Pandas, NLP preprocessing

Declaration

"I hereby declare that the information provided above is true to the best of my knowledge."
